## **DETAILED ACTION**

### ***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Specification***

The abstract of the disclosure is objected to because it includes legal phraseology, i.e., "said." Correction is required. See MPEP § 608.01(b).

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The recitation(s) of "the said" in claims 1-12 and 15 is vague and indefinite. The recitation should either read "the" or "said." In addition, in claim 2, lines 3 and 4, it is recited that the first and second interception solenoid valve devices "each comprise a respective movable shutter." However, claim 1, to which claim 2 is dependent upon, also recites that the first and second interception solenoid valve devices to comprise a "respective movable shutter," see lines 8-10 of claim 1. The recitation of the movable shutter in claim 2 is therefore considered to be redundant and is therefore vague and indefinite.

***Allowable Subject Matter***

Claims 1-15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
